**LOCAL NEWS.****Brief Mention.**

High water to-day at 11:47 a. m.  
Pease has Harper's Magazine for August.

The annual picnic of the Plattdeuschens verein was held at Schuetzen Park yesterday.

Selectmen Henry C. Bretzfelder of this city was yesterday appointed trustee of the insolvent estate of William Shanley of Ansonia.

The Harugari Singing societies will celebrate the twentieth anniversary of their organization next Monday by giving a picnic at Schuetzen park.

Mr. and Mrs. John B. Quillman of Ansonia went to Savin Rock, yesterday, where Mrs. Quillman will remain for a couple of weeks in the hope that the change of air may be beneficial to her.

Miss May I. Hicks, head clerk in August's art store, is spending a month's vacation visiting her friends at Charlestown, Mass. She was one of the delegates at the Christian Endeavor convention.

The twentieth anniversary of Harugari Singing society will be held at Schuetzen park on Monday, July 29.  
Alice T. Alling of West Chapel street is visiting Mr. T. F. Booth at Spring Lake, N. J.

The members of the new Arion Singing society of Bridgeport held their outing at Stadler's park Sunday and it is estimated that fully 3,000 people attended. There were guests from New Haven and Norwalk.

Horace Johnson, the Middle Haddam weather prophet, after a period of unusual inactivity, has predicted that the earth is moving into a storm belt, and that there is to be a howling old time in this section of the country, somewhere between Saturday and next Wednesday.

Rev. W. F. Dickerman of New Haven occupied the pulpit of St. Paul's Universalist church in this city Sunday morning. Mr. Dickerman is a preacher possessed of unusual grace of rhetoric and of rare dramatic ability. His sermon was logical and eloquent. He spoke on "Religion as an Experience."—Meriden Republican.

Reports were current again yesterday that the Consolidated road has really obtained control of the reorganized New England property and that official announcement of the fact will be made in a few days. Confirmation of this is supposed to be the recent borrowing of \$3,500,000 in Boston on notes running for a year, by the New Haven company and the deposit of this sum with the Old Colony Trust company, which represents the New York and New England's reorganization committee.

**Protect the Elms.**

**TO CONSIDER**

Furs and Fur Repairing at this season of the year seems somewhat premature. We beg to assure our patrons, nevertheless, that remodeling and repairing may be done during July and August in perfect accord with the fashions of 1895-6, and with less expense than in the Fall or Winter.

**TO BUILD A FINE RACE TRACK.**

Plan That Senator William M. Stewart Has in View—It Will be in the Vicinity of Meriden.

Meriden, July 22.—United States Senator William M. Stewart of Nevada, who arrived in town Saturday, is stopping at his friend's home, H. B. Beach, and will leave town this evening, it is expected. When the senator was here on his previous trip he talked about buying a farm, building a race track that would be a credit to New England and holding races here that would bring trotters of national repute to the meeting.

Senator Stewart and Mr. Beach have been driving around among the desirable farms to-day and have already received the prices the owners would like. Mr. Beach is encouraging the millionaire to invest in a good track, and there is little doubt but what the member from Nevada will go ahead with the project. The track will be a half mile one.

The senator would like to build a mile track but cannot find a farm that would be suitable for this purpose. His idea is to put up a spacious grand stand and have the track a fast one. He believes that it would be a paying venture seeing that there is not one good track in the state now that Charter Oak park in Hartford is to be cut up.

The senator has horses on the trotting park under Charles Smart's care, but does not like the track. He owns about forty good trotters and pacers and could give a good meet with only his own stock. He will endeavor to get the fastest horses in the country here, to compete for the purses he would offer.

The chances are that the senator will leave the purchasing of the farm with Mr. Beach when he goes away this evening. Senator Stewart has a princely home in Washington, has plenty of money and if all things work well will give Meriden a race track that will be known all over the country.

**Grand Excursion to Newport.**

On Saturday, July 27 next, the New York, New Haven and Hartford railroad will run a special excursion train from Bridgeport and New Haven to Newport, and return, via Wickford and steamboat route from that point. Newport, queenly Newport, is now at the height of her mid-summer season; filled with visitors from every fashionable and metropolitan center, overflowing with wealth and culture, and the pursuits and pastimes incident to such possession, and, in all her natural features and community institutions and establishments appealing to every lover of the grand and beautiful in nature and art. At this season, too, her natural attractions are most superb; and none can witness or come into contact with them, without multiplying delightful experiences. Fare only \$1.50.

**STRIKE IN BRIDGEPORT.**

Weavers Object to the Hiring of Foreign Help.

Bridgeport, July 22.—More than one hundred weavers at Salt's plush factory here went on strike this morning. Half of them are women, who complain because Italian and Hungarian women are placed at work with them. Seven were hired Saturday and six to-day. A meeting was called for this afternoon, and an effort will be made to call out the remainder of the four hundred employees.

**Answers to Correspondence.**

Yes! To disinfect and deodorize a room or an outbuilding, pour a little Imperial Hygienic Fluid into water, contained in an open bowl, can or dish, and allow it to stand open, renewing occasionally. Ask your druggist for it. jy23 2t

The weather to-day—Likely to be fair.

TELEPHONE No. 311.

**People Startled!**

Monday's shower of comments on the Round Red Signal Tickets, combined with a rush for reduced goods, ensures the busiest week we've seen since last spring.

Hundreds were guessing what we meant by "The SIGNAL Sale," and came to see, knowing that we never call them in for nothing. Conviction has taken the place of curiosity and the meaning of the "Signal" Sale is delivered to homes in bundles.

First our customers were startled by the change from regulation tickets to red tickets, but quickly caught the idea upon discovering the change from regulation prices to rock-bottom prices. The Round Red Tickets form the signal for rigorous price-reductions preceding Inventory. Customers know that such tickets are never used here unless something is up. In this instance what's "up" proves to be down. Prices, way down.

**WHITE DUCK PANTS.**

We are prepared to furnish White Duck Pants in any quantities, from one pair to a hundred pairs of a kind. Prices, \$1.00, \$1.50 and \$2.50 for the White, and \$1.50 for the Striped.

**C. E. LONGLEY & CO.,**  
101, 103 and 105 Church Street,  
NEW HAVEN, CONN.

**MALLEY-NEELY & CO.**

A sharp, sudden change in prices calls for a like change in tactics. What good would prostrate prices do you unless you knew when and how great the prostration was.

The star spangled banner for "Flag Day;" firecrackers for "Fourth of July," and Round Red Signal Tickets for The Big Store's Reduction Week! Let each event be signalized. One's as important as another in its way.

The purchasing public can't realize the magnitude of this mark-down, unless they run in the store and see. An ordinary six-weeks undertaking crammed into six days. No pleading nor pushing in order to expel the articles for sale. On the other hand the bars have been let down; the gates flung wide open; the cords of cost cut away. Were the goods human, they'd wander out in disgust, to hunt up merciful friends.

To-morrow you'll be ready for fresh items and prices.
